Sir:

In response to the Notice of Allowance mailed November 3, 2004, enclosed herewith is PTOL-85 for payment of the issue fee for the above-referenced patent application. Authorization for payment of the issue fee and additional copies of the issued patent are included therein.

Applicants are submitting herewith an amendment under 37 CFR 1.312 to correct some small errors discovered in reviewing the claims. Applicants thank the Examiner for discussing these amendments on the telephone. As discussed with the Examiner via telephone on January 31, 2005, the phrase "5'carbon(s)" should have been written "5' carbon(s)", that is, with a space between "5'" and "carbon." In addition, Applicants discovered a typographical error in claim 28, specifically, the inclusion of an extra "the." Applicants request the entry of this amendment, that is, adding the space, to claims 3-6, 16, 17, 19, and 26-31, and removing the additional "the" from claim 28, as shown in the attached claim set.

**CERTIFICATE OF FACSIMILE TRANSMISSION**

I hereby certify that this paper (along with any referred to as being attached or enclosed) is being facsimile transmitted to the United States Patent and Trademark Office (703-746-4000) on the date shown below.
